

Curriculum Matrix Resources

Achieving AYP Using State-specific Curriculum Matrix Data

This resourceful kit provides comprehensive user-friendly crosswalks of your state standards to state assessments in English language arts, math, and science and to the International Center's Essential Skills. Useful and immediately applicable high, medium, and low priorities are assigned to the standards based on the crosswalks. The kit also includes:

- professional development activities to help educators set instructional priorities, improve pedagogical skills, and teach for rigor and relevance
- 150 Gold Seal Lessons linked to essential skills for grades K-12

What's on the test?

The Curriculum Matrix has the answer!

A Curriculum Matrix assigns a priority rating to each state standard in English, math, and science based on the emphasis given to that standard on state tests. Standards are also crosswalked to the Essential Skills study, which ranks the importance of curriculum content in the subjects relative to what graduates need for success in adult life. The International Center uses education experts in each state to assist in creating the Curriculum Matrix.
